*You must have applied and been accepted for the Tennessee Arts Academy in order to submit a scholarship application form. The TAAF Scholarship Committee gives preference to:  
1) educators who teach in the state of Tennessee; 2) first-time Academy attendees; and 3) to those applicants who can show need. The committee strongly encourages applicants to provide some funding support on their own, from their school or school system and/or from other sources (see suggested list below). All requests will be considered.*
